Subject: Wanaka Airport. Time to Add Some Balance

Hi Jim,

Attached is an opinion piece of I have written for the ODT in relation to the development of Wanaka Airport. It should be published next week. I'm sure [REDACTED] will find the time to write me a 12 page response. Only too happy to get him off your back for a couple of days. What I am hoping is it encourages what you describe as the less vocal voices in the community to speak up and add some balance to what's become a pretty one sided argument.

Keep up the good work.

Kind regards

Mike
