

Questions on the CEO Recruitment Process

- Could you please direct me to the documentation that shows the Performance Review Committee has a mandate to be involved in that recruitment, or the date where the full council voted to delegate that authority to the Committee?
- Could you please confirm that the Procurement Plan does list the Performance Review Committee as a voting member of the evaluation panel?
- Can you please confirm whether you, as a member of that committee, did participate in voting for a recruitment agency? If you didn't, please confirm the people who did participate in voting and explain why you didn't take part if you were on the evaluation panel.
- Can you please confirm that Mayor Lewers is listed as the project sponsor and the delegated financial authority holder in the Procurement Plan?
- If this is accurate, can you please explain why this is the case and where we can see documentation that states that this is allowable?
- Could you please confirm whether there was an intention for the members of the Performance Review Committee to meet with the recruiter sometime on or after September 16th?
- Could you please confirm whether that meeting took place? If not, why was it cancelled?
- Could you please confirm (perhaps Mayor Lewers can respond) if the Mayor intended to, or did, meet with the recruiter?
- Can you please identify specifically which information in QLCA's post was either inaccurate or false, providing evidence as to why this is the case? (Our post can be found here: [link](#))
